

Cutting Crew

Originally formed in 1985, this Grammy nominated Anglo-Canadian rock-band will always be remembered for their classic songs “(I Just) Died in Your Arms” and “I’ve Been in Love Before”

*The original singer and writer, Nick van Eede, has signed world-wide recording and publishing deals and is back on the road promoting his brilliant album, **“Grinning Souls”***

His new band are renegades from Roachford, Stomp, Chaka Khan & Brytan Adams!! The past year brought four Euro-tours and festival headliners alongside Supertramp, Paul Young, Toto, Level 42, Katrina, Paul Carrack & Alannah Miles...then playing with full orchestras in Stuttgart and Munich and just returning from charity gigs in Canada & Tanzania. All this alongside a full USA tour with ABC and Wang Chung!!!

But above all it’s the recent live show’s ability to reach the hearts of crowds across the world that has brought such great reviews and reactions.

- *Did you know that Nick produced the original demo for the international smash hit ‘Believe’ by Cher?*
- *Did you know that new pop sensation MIKA partly based his first single, ‘Relax, Take It Easy’ on Cutting Crew’s (I Just) Died In Your Arms so Nick is now a writer on another multi-million seller?*
- *Did you know that back in the late 90’s Nick was so fed up with the intrusion of the corporate world into the music business that he packed his bags and lived in Barbados for 4 years? During this stay he contracted Dengue Fever and nearly died and ended up running a small scale animal sanctuary from his big old house on the beautiful East coast of the island!!*

- *Did you know that co-founder of Cutting Crew, Canadian, Kevin MacMichael, tragically died of cancer a few years back and new album Grinning Souls is Nick's tribute to his dear friend?*

- *Did you know that I've Been in Love Before has notched up 1.5 million plays in the US alone with (I Just) Died in Your arms at a huge 3 million in U S? Still counting for the rest of the World.*

"Be prepared to be totally surprised and moved by this truly great live band!!!" KPR ClassicGIG
